Agel Team Culture

Start at Executive Level—the best pack of products for consumption, sampling, business tools and entrance in all bonus and compensation programs

Setup 4 box Autoship - Important that you have plenty of gel packs to continue to build and develop your business, also for the duplication factor, if everyone is on a 4 box autoship within your network, and not the minimum 2 box autoship, then your business will be twice as big for the same work.
Autoship is the lifeblood in your Agel business.

Commit to regular PBR's - Personal Business Reviews in your home are the best and fastest way to build your business with local candidates.

Send long distance candidates to "First Look" website at www.GetAgelInfo.com and then once interested in learning more, set a specified time to review the full presentation at www.AgelWorld.com followed by a 3 way call with your sponsor.

Commit to Webcast Training - 9:00PM Monday Evenings at with Diamond Directors, Randy Schroeder and Ann Feinstein at www.onlineABB.com, click the US flag and then choose to enter **Randy Schroeder's classroom** – NO PASSWORD Needed - (may download a small pc application, simply follow instructions) or, on Thursdays at 4:30PM EST at www.onlineABB.com – click on US flag and then choose **Blue room**, hosted by Ann & David Feinstein

Attend ABB / Setup ABB - Commit to attending regular Agel Business Briefing in your area or if one is not available set one up yourself!

Get Preferred Customers - As you introduce the Agel business to people some will not want to do the business side but of course they still should use the products so offer to set them up as a Preferred Customer. If your entire organization has 5 preferred customer that would be a huge additional volume for your business.
